

1 Provide communication data

1. Choose to stay on desktop or use mobile

What if I select the wrong option?

Why should I choose the "mobile" option?

Why should I choose the "upload" option?

What will happen if I choose the mobile option?

2. Choose mobile

I chose the wrong option!

I've already given my mobile number / email address!

Will I be called by someone in the future?

3. Enter mobile number / email address

Is there a certain mobile number format needed?

What is my country code?

What other use are you going to give my number / email?

I don't want to be spammed!

Will I have to pay for SMS?

4. Send mobile number / email address

Is it sending?

How long will it take?

What do I do if it doesn't arrive?

5. Wait for message to arrive on mobile

Has it been sent?

How will I know if it fails to send?

Can I resend it again if it fails?

What if I resend it and it's not actually received before the time message sent is supposed to arrive?

6. Receive message on mobile

Is this the right text/email message?

How will I know this is the right message?

How can I know a hacker hasn't altered my ID info?

7. Open message

Does this message look trustworthy?

Does it look like it's from Outlook / client service?

8. Open URL in message

Do I click on this or something else?

What will happen when I click on this URL/button?

I hope this link goes to where it's meant to?

9. Land on webpage

What do I do now?

Is this the right site?

3 Complete mobile task

10. Get / Find document

It's right here

It's hard to search for it

Where did I put it?

I can't find it! What do I do?

I don't have it right now, but I can get it later

Is my out-of-date ID alright?

11. Take photo of document

Do I have to take a photo of both sides?

Do I take a photo of both sides now and upload separately?

12. Confirm document photo

Is this photo good enough?

Will this photo be saved on my mobile?

13. Take selfie

Why do you need this?

I look terrible right now!

Can I just use a selfie from my photo library?

14. Confirm selfie

Will this photo be saved on my mobile?

Will other people see this?

What will you do with my selfie after it's used?

15. Go back to desktop / Leave mobile

Have these images uploaded correctly?

What happens next?

Is it safe to finish the verification process?

Do I need to leave my mobile window open?

How long will the verification take?

What happens if I don't get verified?

How will I know I've been verified?

5 Continue desktop journey

16. Continue client journey

I hope everything was right?

I hope I don't have to update anything else or provide more info?

Can I continue on with what I came here to do originally?
