

Lauren

busy time-poor professional

Age: 26

Goals

1. Wants to belong and have a place in her online and offline peer groups
2. Receive reinforcement in the form of external validation by peers
3. Easily find and buy what she wants

Frustrations

1. Online shopping – Fit, quality, comfort unknown as opposed to instore (trust)
2. Bad online retail experiences – e.g. not easy to return, no delivery updates

Behaviours

1. Keeps up with and wears the latest fashion
2. Consumes a lot of media / social media
3. Emotions drive cost sensitivity (Magpie)
4. Shops online and instore, but less online than instore when it comes to shoes
5. A regular and spontaneous shopper
6. Seeks external validation
7. Doesn't do much purchase research
8. E-comm savvy (knows her way around a retail site)

“ *I don't get a chance to go to stores most of the time* ”

Aspiration

To be able to express her strong sense of identity through her fashion style
