

Choose a document to upload	Get/find documentation	Enter data required	Photograph / scan document	Save/transfer to drive/cloud	Upload to form
Which documents do I need/choose?	What if I don't have access to docs right now?	Why do you need this info - it's already in the upload photo?	Can I use my mobile phone/webcam/scanner/etc?	How can I transfer the image from my phone/camera to my desktop?	Have I uploaded the correct image?
How long will this process take?	Can I use a copy of it? (photocopy?)	What if I accidentally provide the wrong info?	How do I use it?	Does this file need to be named a certain way?	What do I need to upload next?
What if I don't have the right documentation?		What if I don't know the exact dates?	Is this photo good enough?		How many more documents do they want from me?
Why do you need this document/check?		What is the correct formatting data should be in?	What is needed in the photo?		Have I provided enough documents to pass this check?
Why do you need this document/check?			What is an example of a good photo?		Where did I save my photo? Which folder was it in?
What will you do with my information?			Do I just need the front of the document?		Can I leave and come back to this step later?
What if I can't access documents right now? (eg. Filling in form on the bus)					Have I uploaded the correct image?
